Bath, Guest Suite, Expanded Covered Patio Options

The Caliente is well designed with a spacious, open floor plan and high ceilings. Families will enjoy the uniquely designed great room / nook and kitchen combination, as well as the covered patio. An island with breakfast bar and walk-in pantry provide extra convenience. The master suite is very appealing with dual sinks, separate water closet, and oval soaking tub, as well as a step-in shower.

This floor plan features energy-efficient home design, including a photovoltaic solar electric system. Combined with state-of-the-art, energy-efficient construction, appliances and lighting, this means lower energy bills and environmental sustainability. Elliott Homes is proud to be a partner of the APS Energy Star program. The program highlights best practices in energy efficiency, green building and sustainability.

Pick up a copy of the Las Barrancas expanded features list for a complete overview of the superior products that are included, and see how Elliott builds your home to be friendlier to the environment and your pocketbook.
