Plan 4272

3 Bedrooms and 2 Baths, 2 Car Garage
1,458 square feet
Plan 4272
3 Bedrooms and 2 Baths, 2 Car Garage
1,458 square feet

The Brunico is a unique plan with a grand entrance and large front porch. The spacious entry opens to a formal dining room to the side and a great room straight ahead. The gourmet kitchen features a convenient pantry and a breakfast bar. All three bedrooms feature walk-in closets, and the private master suite overlooks the backyard.

The Brunico features superior energy-efficiency, including a solar electric power system. Combined with state-of-the-art, energy-efficient construction, appliances and lighting, this means lower energy bills and environmental sustainability. Trentino homes are designated SMUD Solar Smart homes, with up to 60% energy savings over a home built to code.

Pick up a copy of the Trentino at Stone Creek features list for a complete overview of the superior products we include, and see how Elliott builds your home to be friendlier to the environment and your pocketbook.
